

Net Zero Policy and Roadmap

Company: Teek It Ltd
Issue Date: 10 February 2026
Review Date: 10 February 2027
Responsible Person: Managing Director

Teek It Ltd is committed to achieving Net Zero greenhouse gas emissions by 2050, in line with UK Government policy and Procurement Policy Note (PPN) 06/21. This Net Zero Policy and Roadmap is supported by the company's Carbon Reduction Plan.

Operating Model

Teek It Ltd operates as a home-based business and does not own or operate company vehicles. Deliveries are undertaken by third-party logistics providers, including the use of electric vehicle fleets where available.

Baseline Emissions

Scope	Description	Emissions (tCO ₂ e)
Scope 1	Owned vehicles / fuel combustion	0.00
Scope 2	Electricity (home-based working)	0.15
Scope 3	Travel, logistics, goods & services	0.85

Net Zero Targets

- Short-term target: 20% reduction by 2028
- Medium-term target: 50% reduction by 2035
- Long-term target: Net Zero by 2050

Carbon Reduction Measures

- Use of third-party delivery partners operating low-emission and electric vehicle fleets
- Home-based and remote working model to reduce office energy use
- Digital-first operations to minimise travel and paper consumption
- Review of suppliers to encourage responsible sourcing and efficient logistics

Governance and Review

Responsibility for Net Zero commitments rests with the Managing Director. This policy and roadmap will be reviewed annually or following any material change to business activities.
